		BOH notifies owners that Title 5 Inspection has been reviewed
		and the BOH votes 2-0 to fail the system due to past
		hydraulic failure. The owners' goal is to use this property as a
		2 family house with one bedroom in each unit with a
		commercial space (coffee shop). They have spoken to
		DEP about the requirements for the public water supply.

MINUTES OF THE MEETING	PAGE THREE	11/12/2019
		The septic system is grandfathered to 440 gallons a day. A repair
		of the septic system will require a raised system. If the
		project exceeds 440 gallons, it would be considered "new
		construction". There is not enough land according to the BOH's
		Title 5 Regulations for new construction. Board suggests that
		owners discuss options with an engineer.
