3. Warrant Article 19

The original language in this bylaw was drawn from a model created by the state in 1991. The proposed new language defines some terms and makes the law more clear.

Mr. A. Wheelock 10 Center St., Chairman of the Bylaw Review Committee is supportive of the changes. He is concerned for the future of Plympton and the effects of building on the aquifer; the sole source of water for the town. He feels the clarification of this law is a step in the right direction. There were no further comments from the Board.
