B. Staff Reviews on ENFs, EIRs, and NPCs

Charles Kilmer summarized the Environmental Notification Forms (ENFs), Environmental Impact Reports (EIRs), Notices of Project Changes (NPCs), and Certificates for projects within the OCPC region that are undergoing Massachusetts Environmental Policy Act (MEPA) Office review.

Projects Currently Under Review as of July 25, 2018

EEA #15870 - Plymouth Light Station Revetment (Plymouth) (ENF)

The purpose of the currently proposed project is to limit the amount of future erosion along the coastal bank and to protect pre-1978 buildings and structures. The proposed project will include a one-time sand replenishment. This replenishment will consist of placing beach-compatible sediment at the toe of the proposed revetment, in order to mitigate potential loss of sediment supply to the coastal system, because of the proposed armoring of the coastal bank.

EEA #15892 - Plymouth Long Beach Cottage Demolition (Plymouth) (ENF)

The proposed project includes the demolition of the existing single-family cottage, and repurposing the disturbed area, including the footprint of the cottage and existing driveway for public parking. Following demolition of the cottage, the previously disturbed areas on the property, to include the footprint of the cottage and the existing pervious driveway, will be repurposed for public parking.

EEA #15883 - Ricketts Pond Business Park (Carver and Plympton) (ENF)

Ricketts Pond Business Park is proposed as a 4-lot subdivision comprised of mixed-use office/storage buildings as well as self-storage buildings. It is anticipated that the project will be constructed in phases. The first phase will involve the construction of the lot and building located off Spring Street. The following phase will include the construction of the 1,123 ft. roadway and infrastructure. The subsequent phase will conclude the construction of the light industrial buildings.

EEA #15639 - North Carver Development (Carver) (EIR)

The project involves the construction of approximately 1.77 million square feet of new warehouse/distribution facilities with ancillary office uses, provides approximately 1,883 parking spaces, and provides paved access roads. The project site will be accessed from a reconfigured intersection of Montello Street and Route 58 and a new configuration for Montello Street. Facility construction is

OLD COLONY JOINT TRANSPORTATION COMMITTEE (JTC)

expected to begin in 2020.

EEA #4959 - Lakeshore Center (Bridgewater) (NPC)

The proposed apartment complex will consist of two buildings and they will be classified under Massachusetts General Law Chapter 40B. The units will include an outdoor swimming pool and a fitness center. The proposed 5-story buildings will consist of a mix of studio, one, two, and three bedroom units. The parking will include 540 parking spaces outside and 60 spaces provided in garages.

MEPA Certificates

EEA #15854 - Previte's Marketplace Retail Development (Hanover) (ENF)

Previte's Hanover, LLC, proposes the construction of a mixed-use development of up to approximately 25,290 square feet, consisting of a new Previte's Marketplace and general retail space on an approximately 3.45-acre site located on Columbia Road (Route 53/139) and Broadway in Hanover.

EEA #14346 - South Coast Rail Project (FSEIR)

New project elements associated with Phase 1 include improvements to track infrastructure on the Middleborough Secondary, Southern Triangle construction, a new station constructed in Middleborough at Pilgrim Junction, a new station in East Taunton, and modifications to previously studied stations at Freetown and Fall River. Other elements include the extension of Middleborough diesel service and an anticipated service start in late 2022.

C. Regional Concerns and Local Community Transportation Issues

Dan Salvucci stated that there was another accident at Route 18 and Route 139 in Abington. Going from Abington to Weymouth it goes from 3 lanes down to two. Bruce Hughes stated that this will be fixed during the Route 139 reconstruction.

Pat Ciaramella reminded the JTC that the MassWorks Grant Application window is open from July 30 to August 10.

The Old Colony Planning Council recognized Sid Kashi for eighteen (18) plus years as a member of the JTC with the presentation of a plaque.

9. Adjournment

The meeting adjourned at 12:44 PM

Respectfully submitted,

Kyle Mowatt
