59 Parsonage Road	Update			Monday 1/26/15 a copy of the letter to the USDA was taken to the registry and recorded on the Deed to 59
				Parsonage as a 'Note'. This was done on both the Recorded
				Land and the Registered Land. On Thursday 1/29/15 the
				Chairman received a call from Mr. Budzinski, USDA inquiring
				as to the 'Lean'--the property was going out for sealed bid
				from 2/1/15 to 4/1/15. It was explained that it was not a
				Lean but a recorded note so that any potential buyers would
				know they would have to clean up the property immediately.
				Chairman ordered a BID Packet on Monday 2/2/2015 to keep
				the BOH informed and up to date.
