Linda Leddy's Statement	re: 59 Parsonage Road. Open Space Committee (linda leddy) states Open Space has had appraisal done and has talked to demolition company using "pre-acquisition" grant money	
	Open Space called USDA who gave them permission to access the property. BOH states buildings are condemned and no one should be accessing them. Leddy says permission given by owner USDA. Open Space does not want property for park, wants it for senior citizen housing and for farmers to use.
