RE: DRAFT APPROVAL

Application for: BWPSW46

Application Number: 22-SW46A/47A-0004-APP

PERMIT FOR RECYCLING, COMPOSTING OR CONVERSION OPERATION (RCC)
ASPHALT, BRICK AND CONCRETE RECYCLING

AT: SLT Construction Corporation
0 Spring Street
Plympton, MA 02367
Facility No. 548013 Regulated Object No. 641378

Dear Mr. Opachinski:

The Massachusetts Department of Environmental Protection (“MassDEP”) has completed its technical review of SLT Construction, Corporations BWPSW46 – Recycling, Composting or Conversion (“RCC”) permit application (the “Application”) concerning the required permitting of the proposed source separated asphalt, brick and concrete recycling operation (the “Operation”) located at 0 Spring Street Plympton, MA (the “Facility”). MassDEP has reviewed the RCC permit application in accordance with its authority under Massachusetts General Laws, Chapter 111, Section 150A & 150A1/2 and the regulations 310 CMR 16.00 “*Site Assignment Regulations for Solid Waste Facilities*”, and in specific the provisions and requirements established at 310 CMR 16.05 “*Permit for Recycling, Composting and Conversion (“RCC”) Operations*”.

MassDEP reviewed the RCC permit application in accordance with its authority under Massachusetts General Laws, Chapter 111, Section 150A & 150A1/2 and the regulations 310

This information is available in alternate format. Please contact Melixza Esenyie at 617-626-1282.

Printed on Recycled Paper

CMR 16.00 “*Site Assignment Regulations for Solid Waste Facilities*”, and in specific the provisions and requirements established at 310 CMR 16.05 “*Permit for Recycling, Composting and Conversion (“RCC”) Operations*”.

On May 11, 2022, Green Seal Environmental, Inc. (the “Consultant”) submitted a SW46A/SW47A permit to MassDEP an Application Number assigned 22-SW46A/47A-0004-APP, a completed application Form BWP SW 46, report titled SLT Const RCC Permit Application.

On October 17, 2022, the Consultant provided supplemental information in response to a request for additional information from MassDEP on September 28, 2022.

As a result of its review of the Application, MassDEP determined that the submitted information complies with the requisite requirements for a solid waste recycling operation as outlined and contained at 310 CMR 16.05 “*Permit for Recycling, Composting and Conversion (“RCC”) Operations*”, and issued a **Draft Approval** for the described RCC operations (copy attached).

Pursuant to the provisions and requirements contained at 310 CMR 16.05(5), the **Draft Approval** is now required to be the subject of a Public Review and thirty-day (30-day) Public Comment Period, whereby any interested person or official is provided the opportunity to review the Application and the **Draft Approval** and submit written comment to MassDEP concerning the proposed permit action.

Accordingly, you are hereby required to provide Public Notice of the **DRAFT Approval**, by publishing a Public Notice of the **DRAFT Approval** of the proposed recycling activity. The content of the Public Notice must, at a minimum, include the following information:

- The name and mailing address of the Owner;
- A description of the proposed operation, including: the type of technology, the proposed tonnage or gallonage rate, the location of the operation, and the hours of operation;
- The public location (in addition to MassDEP’s office) where the Application and the **DRAFT Approval** can be inspected; and
- The time-frame, deadline, address and date by which the submittal of written comments can be made to MassDEP, regarding the proposed permit action.

According to the provisions of 310 CMR 16.05(5), the 30-day Public Comment period shall commence upon MassDEP’s receipt of proof that Public Notice has been given. Proof of Public Notice shall be achieved by submitting to MassDEP a copy of the written and published/dated Public Notice, as published in a local newspaper of general circulation in the community where the proposed recycling activity is located. MassDEP will accept and review any public comments regarding the Recycling, Composting or Conversion operation via US Mail, email, and the EEA ePlace Public Access Portal from all interested persons for a period of thirty (30) days following the date of Public Comment Period. Public comments can be emailed to sero.solidwaste@mass.gov, submitted online at <https://eeaonline.eea.state.ma/EEA/PublicApp/> by clicking on the orange “Search and/or Comment” box, or public comments can be mailed to:

Massachusetts Department of Environmental Protection
Southeast Regional Office
Solid Waste Management Section
20 Riverside Drive
Lakeville, Massachusetts 02347
ATTN: Mark Dakers

At the conclusion of the 30-day Public Comment period, and upon receipt of any written comments, MassDEP will review and consider the comments predicated upon the regulations and requirements contained at 310 CMR 16.05, as deemed applicable to the proposed action.

Should it be determined that the Application will require additional information or that the Application be modified in order to address the comments, MassDEP will solicit such information from either yourself as the Applicant or from your Consultant (as deemed appropriate). Predicated thereupon, MassDEP will issue its final decision on the Application.

Please be reminded that all communications regarding this matter should reference Application Number 22-SW46A/47A-0004-APP.

Should there be any questions regarding this matter, please contact MassDEP at the letterhead address or telephone me at (508) 946-2847 or Mark.Dakers@mass.gov or Michelle McCloud at (508) 946-2715 or Michelle.McCloud@mass.gov .

Sincerely,

Mark Dakers, Chief
Solid Waste Management Section
Bureau of Air and Waste
