

WHAT'S YOUR VISION?

SHAPE PLYMPTON'S FUTURE!

The Town of Plympton is in the process of preparing a Comprehensive Plan, a forward-looking plan that will guide the growth, preservation, development and redevelopment of the downtown village area. As part of the process, we will host a public open house. We encourage you to attend and/or seek information and submit feedback on topics like affordable housing, recreation, streetscape improvements, historical and open space preservation, commercial development, public facilities and more!

What characteristics matter most to you, as a resident of Plympton?
